

Maths Online Resources:

Websites

- <https://www.ucd.ie/msc/leavingcertificatevideos/>

Easy to follow website with over a hundred short videos explaining key topics of both the Higher and Ordinary Level Maths Course.

- <https://www.molloymaths.com/>

Excellent website with videos explaining the key material from each topic in Maths. Detailed video solutions to multiple past exam papers. Suitable for both Junior and Leaving Cert Maths.

- <https://www.projectmaths.ie/for-students/leaving-certificate/>

Recommended for both teachers and students. Good problem-solving questions available across all strands. Video tutorials on constructions and calculator work also available.

- <https://www.themathstutor.ie/>

Website that breaks down all aspects of the course into manageable bite sized videos. Individual support offered. Comprehensive Written and Video Solutions available for Ordinary and Higher Level at both Junior and Leaving Cert Level. Videos extend back as far as 2012. Normally requires a fee but due to the current circumstances there are some FREE ONLINE REVISION courses available for a limited time.

- <http://mathspoints.ie/>

All Exam Papers and Solutions by Topic. Revision Cheat Sheets. Proofs and construction booklets available. Email Support and Blogs offered. Some material free. Others requires a fee.

- <https://www.examrevision.ie/>

Free Trial now available. Includes Topics by Video. Exam Papers and Video solutions provided across many years for Leaving and Junior Cert. PowerPoints also available for teachers and students. Full access is available at Fee. You can link your profile with other subjects such as Business and Geography to get better value.

- <https://www.scoilnet.ie/>

Revision Packs, resources, notes and PowerPoints and detailed solutions available across a range of subject, topics and levels.

YouTube Channels

<https://www.youtube.com/user/science4schools>

Simple Science and Maths channel- Free Exam Solutions, Advice, Mock Papers, Tutorials for JC and LC Maths and Science.

- <https://www.youtube.com/user/khanacademy>

Khan Academy YouTube channel- Enhance your understanding of Maths with detailed videos exploring all types of questions in every topic of every strand of Maths. Suitable for all levels but better for Leaving Cert students.

- <https://www.youtube.com/user/CK12Foundation>

Ck-12 Foundation- Bite sized videos with worked examples. Very good for geometry in particular.
